“ Working for Recreation allowed me to hone and develop the people skills that I use daily in my career as an attorney. Working for \$7.25 per hour also motivated me to remain committed to my education. Finally, my last two years at Recreation I opened the Werblin Fitness center every weekday (at 6 or 7am), adopting a lifestyle around the philosophy "Early to bed and early to rise makes a man (or woman) healthy, wealthy and wise." ”
